ABOUT **AR FORGE FC**

Arkansas Forge FC was formed through the merger of NEA Soccer Club, 870 FC Bono, and Paragould Predators FC — bringing three strong soccer communities together under one shared vision for the future of the game in Northeast Arkansas. Built on the belief that great players are developed through challenge, discipline, opportunity, and belonging, our club is committed to creating an environment where players can grow on and off the field.

Our mission, philosophy, values, and motto define who we are and set the standard for how we approach player development, club culture, and the opportunities we work to create for every player.

The merger of 870 FC Bono, NEA Soccer Club, and Predators FC represents more than three clubs coming together — it creates a stronger, more unified platform for youth soccer across Northeast Arkansas. By combining players, coaches, leadership, facilities, volunteers, and community support, Arkansas Forge FC is able to operate with greater efficiency, expand opportunities for athletes, and build a more sustainable club structure for the future.

For sponsors, this means your investment reaches a broader regional audience while supporting a unified organization with the scale, visibility, and commitment needed to make a lasting impact on local families, young athletes, and the communities we serve.

SPONSORSHIP OPPORTUNITIES

Arkansas Forge FC offers sponsors a meaningful way to support youth development while gaining visibility across one of the region's growing soccer communities. With teams serving players from U8 and under through U19, our club provides exposure across a wide range of ages, families, schools, communities, and competitive events throughout Northeast Arkansas and beyond.

These sponsorship opportunities are designed to connect local and regional businesses with a unified club brand, a loyal family network, and a mission built around opportunity, development, and community impact.
